

6th International Plant Proteomics Organization Conference
 May 15 to 18, 2025
 Banff Springs Hotel, Banff, AB, Canada

AGENDA

Thursday, May 15, 2025	
13:00	REGISTRATION OPENS - Riverview Lounge All Posters are to be mounted – New Brunswick Room All Sessions will take place in Alberta Room
16:00	WELCOME Conference Chairs: Jennifer Geddes-McAlister, R. Glen Uhrig
16:15 – 18:30	Session 1 – Proteomics for Climate Resiliency Chair: Devang Mehta, KU Leuven Co-Chair: Boyan Liu, University of Guelph
16:15	KEYNOTE Harvey Millar , The University of Western Australia, AUS TBA
16:45	Christoph Rampitsch , Agriculture and Agrifood Canada, CAN TBA
17:05	Devang Mehta , KU Leuven <i>Closing gaps in plant chronobiology: from genome to proteome and from molecules to future geographies.</i>
17:25	Natalia Bykova , Agriculture and Agrifood Canada, CAN <i>Crosstalk between the cellular redox state, NO, ROS, and phytohormones integrates major physiological processes upon abiotic stress impact on seed dormancy control in wheat</i>
17:40	Lauren Grubb , University of Alberta, CAN <i>Defining a role for REVEILLE genes in the plant response to drought and salt stress using quantitative proteomics</i>
17:55	Myah Crosby , University of Guelph, CAN <i>Starch Phosphorylases Regulated by Glutathionylation</i>
18:10	Break
18:30 – 21:00	WELCOME RECEPTION New Brunswick Room with Exhibitors & Posters

6TH INTERNATIONAL PLANT PROTEOMIC ORGANIZATION CONFERENCE
AGENDA

Friday, May 16, 2025	
07:30	LATE REGISTRATION – Riverview Lounge BREAKFAST New Brunswick Room with Exhibits & Posters
08:30 – 10:15	Session 2 – Agricultural Proteomics Chair: Justin Walley, Iowa State University Co-Chair Jiayi Lu, University of Guelph
08:30	KEYNOTE Georgia Tanou , Hellenic Agricultural Organization – DIMRA, GRC <i>Deciphering the Molecular Basis of Cold Stress Response in Kiwifruit: A Multi-Omics Perspective</i>
09:00	Olivia Wilkins , University of Manitoba, CAN <i>A single nucleus atlas of development altering stress</i>
09:20	Justin Walley , Iowa State University, USA <i>TBA</i>
09:40	Guido Giordano , Technical University of Munich <i>Progress on the Crop Proteome Atlas (Year 3): a focus on barley germination and malting</i>
09:55	Hui Cao , The University of Western Australia, AUS <i>Dissecting 70 years of wheat breeding through proteome-wide association study</i>
10:15-10:45	COFFEE BREAK New Brunswick Room with Exhibits & Posters
10:45 – 12:30	Session 3 – Advancing Proteomics Technologies in Plants Chair: R. Glen Uhrig, University of Alberta Co-Chair: Mohana Talasila, University of Alberta
10:45	KEYNOTE Aleksandra Skirycz , Michigan State University, USA <i>From interaction to function, what can we learn about metabolites from knowing their protein partners?</i>
11:15	Sixue Chen , The University of Mississippi, USA <i>Systems biology of C3 to CAM Transition, toward Improving Crop WUE</i>
11:35	Bryan Hau , The University of Western Australia, AUS <i>Identification and characterisation of the molecular drivers of malting performance in <i>Hordeum vulgare</i></i>
11:50	Vibha Srivastava , University of Arkansas, Division of Agriculture, USA <i>Phosphoproteomics for unraveling novel targets of SnRK1 kinase in rice</i>
12:05	Monique van Schie , Wageningen University, NL <i>Location, location, location: exploration of the subcellular proteome of plants</i>
12:25– 13:45	LUNCH BREAK 12:30 TO 13:30 SEMINAR – THERMO FISHER PRESENTATION Alberta Room

6TH INTERNATIONAL PLANT PROTEOMIC ORGANIZATION CONFERENCE
AGENDA

Friday, May 16, 2025, cont.	
13:45 – 15:30	Session 4 - Artificial Intelligence in Plant Proteomics Chair: Jennifer Geddes-McAlister, University of Guelph Co-Chair: Lauren Grubb, University of Alberta
13:45	KEYNOTE Sachin Rustgi , Clemson University, USA TBA
14:15	Marie Brunet , University of Sherbrooke, CAN <i>Learning translation: deep-learning guided proteomics in plants</i>
14:35	Mathieu Lavallée-Adam , University of Ottawa, CAN TBA
14:55	Zhiyong Wang , Carnegie Institution for Science, USA <i>Crosstalk between phosphorylation and O-glycosylation regulates metabolism, growth, and immunity</i>
15:10	TBA
15:25 – 16:00	COFFEE BREAK New Brunswick Room with Exhibits & Posters
16:00	LIGHTNING TALKS
	- Poster 111 - Sujani Rathnayake, University of Guelph
	- Poster 104 – Utpal Bose, Edith Cowan University
	- Poster 105 – Mohana Talasila, University of Alberta
	- Poster 100 – Qiaomu Li, University of Alberta
	- Poster 109 – Boyan Liu, University of Guelph
	- Poster 120 – Hung Le, Technical University of Munich
	- Poster 121 – Genc Haljiti, Bavarian Centre for Biomolecular Mass Spectrometry
	- Poster 122 – Francis Bourassa, University of Sherbrooke
16:30	POSTER SESSION Presenters of even-numbered posters should be at their posters between 16:00 – 17:30 and presenters of odd-numbered posters should be at their posters between 17:00 – 18:30 pm
19:00	FREE TIME

6TH INTERNATIONAL PLANT PROTEOMIC ORGANIZATION CONFERENCE
AGENDA

Saturday, May 17, 2025	
07:30 – 08:30	BREAKFAST New Brunswick Room with Exhibits & Posters
08:30 – 10:30	Session 5 – Proteomics in Unconventional Plants Chair: Ting-Ying Wu, Academia Sinica Co-Chair: Qiaomu Li, University of Alberta
08:30	KEYNOTE Michelle Colgrave , Edith Cowan University, AUS <i>Novel foods, the science behind evaluating health attributes, allergenicity and food safety</i>
09:00	Ting-Ying Wu , Academia Sinica, TW TBA
09:20	Ramesh Katam , Florida A & M University, USA <i>Root proteomics and protein interaction studies showed shift in biosynthetic pathways to different salt stress levels in Pistachio</i>
09:35	Niels Maywald , University of Guelph CAN <i>Next-Generation Intercropping: Synergistic Nitrogen Fixation for Sustainable Agriculture</i>
10:00	Haleema Tariq , McGill University <i>Paenibacillus polymyxa alters the metabolic and proteomic profile of Cannabis sativa</i>
10:15– 10:45	COFFEE BREAK New Brunswick Room, with Exhibits & Posters
11:00	ECR Session (All Welcome) Chair: Guido Giordano Co-Chair: TBD
12:00 – 13:00	LUNCH BREAK Alberta Room
13:15	INPPO GENERAL MEETING (All Welcome) Host: Christoph Rampitsch
14:30	FREE TIME / ACTIVITIES
18:30	RECEPTION Mt. Stephen Hall
19:00	DINNER & DANCING Mt. Stephen Hall

6TH INTERNATIONAL PLANT PROTEOMIC ORGANIZATION CONFERENCE
AGENDA

Sunday, May 18, 2025	
07:30 – 08:30	BREAKFAST New Brunswick Room with Exhibits & Posters
08:30 – 10:15	Session 6 - The Modified Plant Proteome Chair: Christoph Rampitsch, Agriculture and Agrifood Canada Co-Chair: Sujani Rathnayake, University of Guelph
08:30	KEYNOTE Ive de Smet , VIB-UGENT, Centre for Plant Systems Biology, BE <i>Leveraging temperature-mediated phosphoproteomes to identify conserved signaling modules in plants</i>
09:00	Pitter Huesgen , University of Freiburg, DE <i>Tracing protease activities in plant immunity</i>
09:20	Juergen Eirich , University of Muenster, DE <i>Posttranslational Modifications and Their Role in Plant Acclimation to Light</i>
09:40	Tagnon Missihoun , University of Québec Trois-Rivières, CAN <i>Abscisic acid and Aldehyde dehydrogenases influence protein carbonylation in Arabidopsis thaliana</i>
09:55	Mark Roosjen , Wageningen University, NL <i>Pushing the limits - fast signaling in plants</i>
10:10	COFFEE BREAK New Brunswick Room, with Exhibitors & Posters
10:45 – 12:30	Session 7 – Plant Interactomes Chair: Shouling Xu, Carnegie Institution at Stanford Co-Chair: Niels Maywald, University of Guelph
10:45	KEYNOTE Pengcheng Wang , Institute of Advanced Biotechnology, CN <i>Chloroplast phosphonetworks in Arabidopsis</i>
11:15	Shouling Xu , Carnegie Institution at Stanford, USA <i>Mapping Architecture of Protein complexes in Arabidopsis using XL-MS</i>
11:35	Kishor Ingole , University of Cambridge, UK <i>Unravelling the Cell-type specific SUMOylome of Arabidopsis roots by mass spectrometry (MS)</i>
11:55	Kyle Bender , University of Zurich, CH <i>Quantitative proteomics of plant receptor kinase signaling</i>
12:10	Linfei Guo , Wageningen University, NL <i>Proteomic analysis of growth-stress interaction</i>
12:25	WRAP-UP & CLOSING Conference Chairs: Jennifer Geddes-McAlister, R. Glen Uhrig
